Dear Harold:

Many thanks for your note of 6 June, and for the interesting memorandum enclosed with it. I want to have a talk with you one of these days about your new job as we have many problems in common.

I had a talk with John Stevenson about the Sofia College claim. I think it is in good hands and I shall be of any possible help within the limits that my present job permit.

Faithfully yours,

Dear Dr. Dulles:

Last week I saw in the papers the good words that were said about you when you were given an Honorary Degree at Columbia. I was glad to see this and congratulate you on your honor.

I think while you were up in New York John Stevenson from S and C came in to see me regarding Bulgarian funds and the Sofia College claim. I told him that in view of your former position as President of the Board of Sofia you were the most logical person for him to see and I hope he was able to enlist your support.

As you can imagine I have been keeping fairly busy over here at the Foreign Service Institute and I hope one of these days I will have a chance to tell you what we have been doing.

Sincerely,

Harold B. Hoskins
